GERMANS TAKE DIXMUDE. PARIS ADMITS REVERSES.

The German war machine has battered its way into the Belgian town of Dixmude. Today French official statement contains the admission that the allies were obliged to fall back from this point of vantage in the great battle for possession of the eastern shore of the British Channel.

The warring nations awaited with keen suspense the outcome of the struggle in Belgium, which for the moment overshadows the conflicts on the many other fields of battle. From other points came reports of important changes in the situation.

The following German official statement says:

"We made good progress yesterday on the Yser branch of the Ypres and took Dixmude by storm, capturing more than 500 prisoners and nine machine guns."

"Further south our troops crossed the canal and west of Langmoro captured the first line of the enemy's position. About 2000 infantry were taken prisoners and six machine guns were captured."

"South of Ypres we have driven the enemy out of St. Eloi."

"Despite fierce counter-attacks by the British the dominating heights to the north of Armentieres remain in our hands."

"Our attack has made progress to the southwest of Lille. The French suffered heavy losses while attempting to recapture commanding heights to the north of Vienna le Chateau in the forest of Argonne, and to the northeast and south of Verdun French attacks were everywhere repulsed."

"No important information is at hand from the eastern theater of war."

The epidemic of foot and mouth disease of cattle and hogs has caused several states, including Kentucky, to be quarantined by the Federal government. Stock yards in St. Louis and Chicago are closed, but will be opened next Monday to receive stock to be slaughtered in 24 hours. Judge Stahr received Monday from J. W. Newman, commissioner of agriculture, stating that special care should be taken to examine all animals crossing the river, and asking that the farmers take particular pains in watching shipments of stock from one community to another. The fight to eradicate this plague is mainly in the interest of the farmer.

Walton Byars, state revenue agent, and B. W. Gilfillan, attorney, were here first of the week collecting back taxes due the state and county. Mr. Byars started his investigations along this line about two years ago and has collected in that time about \$6400, which is divided, after expenses are deducted, between the state and county in the proportion of 5 to 7, or in other words the county gets 70c when the state gets 50c. The county attorney is allowed 15 per cent commission on back taxes. Mr. Byars says that Fulton taxpayers have been very adept in covering up their cash, notes, etc.

NAKED, DEMENTED NEGRO CAUGHT AND LOCKED UP.

A pitiful looking object, bare-footed and nearly nude, was a demented negro man, apparently fifty years old, marched into town early this morning by Risty Jackson and turned over to Sheriff Huddleston and Naylor. He was caught out in the Graves school district, where he has been seen at times for several days past. School children and ladies have been frightened by him, and his appearance was enough to make anyone shudder.

His babbling talk indicates that he is a Southern negro and respectful of white people. He stated that his name was Bunyon Black and lived at Newbern, Tenn. He was clad in a pair of overalls and jumper, and carried a pair of brogan shoes. The legs of the overalls were both ripped almost to the waist and in tatters, clothing failing to cover his nakedness. Jackson, who overtook the negro near his home, said he offered no resistance; but Jackson carried a big shotgun as a safeguard. The negro will weigh close to two hundred pounds and is a physical giant.

BETTER THAN EVER.

W. I. Swain's big, popular, tent attraction is here this week on their fifth annual engagement in Hickman. This is one of the few attractions that maintains a high standard at all times. The shows are even better this year than last and this is saying a good deal for it. The average show manager goes after the cash—any way to get it—but Mr. Swain's theory is that if you give folks a good show the finances will take care of themselves. He has also made his prices this time to conform to cotton prices—a reduction from 25c and 35c to 10c and 15c. You will miss a treat if you fail to attend the Big W. I. Swain show.
